

DO YOU KNOW WHAT'S IN YOUR FOOD?

Many pesticide residues and processing chemicals are hidden from food labels

THE HIDDEN TRUTH

Current UK laws **don't require full disclosure** of all pesticide residues and processing aids used during farming, processing, preservation, and packaging. If you have allergies, dietary restrictions, or simply want to know what you're eating — **you deserve transparency.**

SIGN THE PETITION TODAY!

- 1 Scan the QR code with your phone camera
- 2 Sign the parliamentary petition
- 3 Share with family and friends!

Or visit online:

petition.parliament.uk/petitions/754897

This starts with you.

10,000 signatures = Official Government response

100,000 signatures = Parliamentary debate

Be part of the movement for full food transparency.

Deadline: 6 August 2026
